CEO's MESSAGE

It is a matter of immense pride for us to have established GWE-Pakistan as a subsidiary company of BAUER Resources GmbH (BRE) whereby we are very keen in supporting the development of water & energy infrastructure of Pakistan. GWE-Pakistan will be offering state-of-the-art technologies to local market in relevant sectors with the collaboration of its sister concerns in Germany. So far, we have invested over € 2 million on establishment of company's infrastructure and capacity building of local personnel which is a proof of our long term commitment to Pakistan market. During the first phase of its launch, GWE-Pakistan will act as a window to the products & technologies of GWE Group in a few select areas. However, as we move further we shall be consolidating our position in the local market by increasing portion of local value addition and enhancing the offered product range. In the following pages, we will briefly explain our overall aims & objective, corporate structure and offered products & services. We keenly look forward to your patronage of our products and services.

John Mesch
CEO
Bauer Resources GmbH

GERMAN WATER & ENERGY PAKISTAN

INTRODUCTION

BAUER Resources GmbH (BRE), the holding company of GWE-Pakistan, comprises of over 30 companies. BRE itself is a sub-division of BAUER Aktiengesellschaft (AG) (www.bauer.de). Germany which owns & operates over 110 subsidiary and joint venture companies over 70 countries around the world. BAUER Group companies specialize in manufacturing and sale of equipment & machinery and providing turn-key solutions for special construction, mining & mineral exploration; Well drilling for oil, gas and water; environmental remediation, water treatment and geo-thermal energy solutions for heating and cooling of buildings.

Drawing from 200 years long rich experience of BAUER Group, **GWE-Pakistan** will provide integrated technological solutions for the development of Water, Energy, Environment and Construction Sectors of Pakistan and Afghanistan.

GWE-Pakistan's products & services portfolio is directly supported by respective specialty concern of BAUER AG. GWE-Pakistan is directly managed and supported by GWE [Pumpenboese GmbH](#). However, there are a few other companies within BAUER Group which have direct collaboration with GWE Pakistan. Each sister concern of GWE-Pakistan in Germany has its own quality standards which are certified and acknowledged locally and internationally.

Our Business Values

The very essence of our tagline “Passion for Progress” denotes our core business values. We strive to uphold our 200 years old inheritance of delivering immaculate value to our customers; quality and innovation comes by itself.

From the drawing board to implementation, our team of seasoned professionals are paying utmost attention to minutest detail of each aspect of a project regardless to its volume. As a German concern, we cannot help our obsession with quality; it is a creed.

Our Business Strategy

We strive to stay closest to our customers to understand what they actually need, not just what they want. Then we develop solutions by utilizing and adding value to the resources available locally or anywhere else. We firmly believe in developing local capacity by transferring know-how to the local market from our parent companies that are always at our back to support us. We stay even closer to our customers after transaction cycle has been completed. This helps us improve our solutions further.
